

ProClamp PLUS

Wheel Alignment Clamp

Serie 918

Fast and simple mounting of an additional alignment Shaft

New Wheel Alignment Clamp ProClamp PLUS simplifies the work routine of wheel alignment.

NEW

- New, modern design
- Integrated ergonomic handle guarantees better handling
- Variable positioning of the alignment shaft at the ProClamp Plus simplifies the handling on tuned-up vehicles.
- ProClamp PLUS is flexible
The universal clamping device can be adjusted from 12 to 24 inches.
- ProClamp PLUS is easy to use.
Thanks to the spring-loaded feet, mounting of the clamp even on modern softline rims is simple.
